THE CHURCH ACCELERATOR FRAMEWORK · POWERED BY SYSTEM & SOUL

SYSTEM + SOUL = FULL POTENTIAL.

The Church Accelerator Framework brings your **culture, team, and ministry strategy** into full alignment. Built on the System & Soul operating framework and adapted for the local church, it is the distilled, transferable version of the leadership that grew Woodstock City Church from 200 to more than 8,000.

THE FRAMEWORK

SIX ELEMENTS. ONE INTEGRATED SYSTEM.

Three elements drive the **system**, giving the mission structure. Three build the **soul**, giving that structure life.

SYSTEM

DESIGN

How we're structured to move. Org chart, processes, and Bets.

SYSTEM

CADENCE

Moving together at the same pace. Quarterly objectives, coaching conversations, and the Weekly Sync.

SYSTEM

SCORE

Measuring what matters. Church-wide, team, and individual KPIs tied to your Discipleship Engine.

SOUL

DESTINATION

Going the same direction. Where we're headed, when we'll arrive, and why it matters.

SOUL

ETHOS

Knowing who we are. Identity, values, and the ministry Hedgehog.

SOUL

PEOPLE

Right people, growing and healthy. Culture, problem solving, and leadership development.
